DUNS: 11-926-8200

EIN - 99-1886377

Business Type: Small Business (1-30)

Core Competencies

DFEAL LLC provides innovative scientific, technical, and research-based solutions to federal and private-sector partners across healthcare, biotechnology, pharmaceutical and life sciences sectors.

- **Research & Development (R&D):** Advanced R&D programs in biomedical sciences, healthcare technologies, and clinical systems.
- **Health Information Technology (Health IT):** AI- and ML-powered systems that enhance patient outcomes, operational efficiency, and data-driven care.
- **Scientific & Technical Consulting:** Evidence-based consulting in scientific, technical, and operational disciplines to improve quality and compliance.
- **Project Management:** Comprehensive program and project management solutions aligned with PMI standards.
- **Training & Capacity Building:** Workforce development for healthcare, biotech, and government organizations.

Differentiators

- **Integrated R&D + IT Expertise** – Unique fusion of science, engineering, and technology innovation.
- **AI & ML Integration** – Custom data and analytics platforms tailored for healthcare and research.
- **Client-Centered Approach** – Agile, responsive, and outcome-oriented engagement model.
- **Proven Federal Readiness** – Experience aligning deliverables with FAR, HIPAA, and data security requirements.
- **Multidisciplinary Team** – Scientists, engineers, data experts, and project managers working collaboratively.
